PowerLED

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

High Power LED

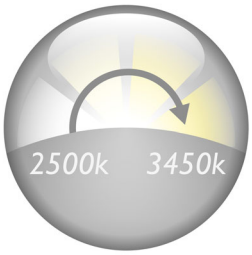

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Tunable white

Who said that choosing your LED light color was not possible? This lamp introduces tunable white: you can choose your preferred light color from warm white to cool white at installation of your lamp. There are 4 light color options offered: 2500, 2700, 3100, 3450 Kelvin. Once the light color installed, most lamps can be dimmed normally with a wall dimmer (excluded).

Dimmable

Adjust the light intensity of the Philips LED lights. This makes the luminaire ideal for creating an ambience for any occasion, whether a cosy meal or chilling out with family and friends in your living room.

Specifications

Design and finishing
- Material: aluminium
- Color: aluminium

Product dimensions & weight
- Height minimum: 0.0 cm
- Height maximum: 250 cm
- Length: 30 cm
- Width: 30 cm
- Net weight: 3.500 kg

Technical specifications
- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, 240 V
- Number of bulbs: 1
- Wattage bulb included: 7.5 W
- Light color: cool white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 105°
- Fixture dimmable
- LED
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed
- Light source equivalent to traditional bulb of: 35 W

Service
- Warranty: 1 year(s)

Packaging dimensions & weight
- Height: 35.2 cm
- Length: 34.6 cm
- Width: 9.5 cm
- Weight: 3.850 kg

Miscellaneous
- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Suspension light

Issue date 2014-08-18

Version: 3.0.1
