- Height: 230 mm

Highlights

Snapshot button
With just one press of this button, your webcam takes a picture automatically. It's a fun way to share your pictures by adding them to e-mails, webpages or documents.

Automatic Picture Optimiser
The Automatic Picture Optimiser helps you get the most out of your webcam by automatically adjusting the camera and image settings to match the light available.

30 frames per second video
Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video chatting experience.

Standalone external microphone
With a separate external microphone, you have the freedom to place it where it best picks up your voice to add high-quality audio to your video chats.

Super VGA resolution
The webcam captures Video Graphics Array (VGA) quality (640 x 480) snapshots and flicker-free video clips for video mails. With VGA resolution, your webcam becomes a professional-level camera. Add high-quality photos to documents, webpages and e-mails in an instant, or print out photo-quality images.

Pivot joint
Enjoy easy webcamming freedom with this handy pivot joint design. Just twist the camera 360° in any direction to film anywhere in your room without moving the webcam at all.

VLounge software basic
Software for capturing, managing and archiving snapshots and video clips in a very convenient way. With just a couple of mouse clicks you will be able to create and send Video mails. This software package gives you all you need to take full advantage of your Philips webcam.

Compatible with MSN and Skype
The webcam and its software have been designed with all messaging systems in mind. Add video to Skype, MSN Messenger, Yahoo!, AOL Messenger and other free messaging services. It also works with Windows Messenger and NetMeeting for multi-person video conferencing and is designed to be future-proof.

Installation manager
Install your webcam in seconds with the handy Installation Manager. Just follow the easy, step-by-step instructions and you'll have the webcam set up to match your computer perfectly.

Stable mount
The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

Rotating lens
Rotating lens for perfect aiming and natural images. You can get the right camera angle quickly and easily without having to put things underneath it to change the tilt.
