Highlights

3D surround sound
Experience vibrant 3-dimensional stereo sound from your Philips mobile phone, thanks to its built-in professional audio processor. The processor creates surround audio channels in precise locations, delivering a superb 3D surround sound experience.

Equalizer for optimized sound
GoGear Players with Equalizer, utilize technology to automatically set the optimum sound frequency balance for a chosen music style. Whether it is Jazz, Rock or Pop that you are listening to, using the Equalizer preset setting allows you to enjoy the optimum sound for that music style.

Up to 20 hours music playback
Enjoy music playback for up to 20 hours on a single charge.

FM radio
An FM radio application allows you to listen to your favorite FM radio programs wherever you are thanks to your mobile phone and its stereo headset.

MicroSD memory card slot
You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
