

Philips Vision
car headlight bulb

- HB4
- 12V
- 55W

9006PRB1

Feel safe, drive safe

30% more light compared to a standard lamp

Producing 30% more light compared to a standard car bulb, Vision headlight bulbs ensure excellent light-beam performance at a very competitive price with the Original Equipment Quality for greater safety and comfort.

Benefits

A better performance than a standard car head lamp
- Vision bulbs project 10 m light extra than standard lamps
- Road safety begins with seeing and being seen
- Change both your headlamps at once for more safety
- Wide range of 12V lamps to meet all functions

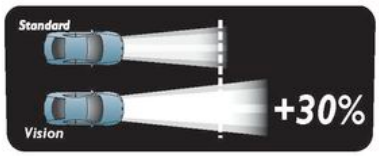

Original Equipment manufacturer
- Philips is the choice of all major car manufacturers
- Respecting high quality standards of the ECE homlogation
- Award winning car lamp manufacturer

Very high quality and ultra resistant car lamp
- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity
- Philips car lamps are highly UV resistant

PHILIPS

Features

30% More light on the road

Our lighting solutions produce a powerful and precise beam of light with maximum output . We consistently produce the best, most efficient lighting solutions because we know that our high-quality lighting may one day save a life

Better visibility and reaction

Light is a fundamental part of the driving experience and light is the first and only part of the safety circle that actually helps prevent accidents. Philips promotes active safety protection to prevent accidents by increasing overall visibility and road illumination.

Car manufactuer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Change by pairs

Highly recommended to change them by pairs for symetric light performance

Designed for multiple usage

Which 12V lamp for which function ? Philips Automotive offering includes all car specific functions : high beam, Low beal, front fog , front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights.

ECE homlogation

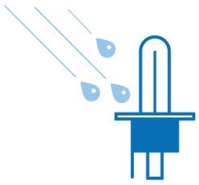

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Rewarded Car lamps

Our lamps are often rewarded by automotive experts

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

Packaging Data

Packaging type	B1
EAN1	8711500247261
EAN3	8711500247278

Electrical characteristics

Voltage	12 V
Wattage	55 W

Lifetime

Life time	980h

Light characteristics

Lumens	1095 lm

Ordering information

Order entry	9006PRB1
Ordering code	24726130

Outerpack information

Gross weight per piece	0.418 kg
Height	14.2 cm
Length	25.5 cm

Product description

Type	HB4
Application	High beam Front fog light Low beam
Homologation ECE	YES
Marking ECE	E1 22T
Technology	Halogen
Base	P22d

Packed product information

Pack Quantity	1
MOQ (for professionals)	10
Gross weight per piece	41.8 g
Height	13.5 cm
Length	4.743 cm
Net weight per piece	20.4 g
Pack Quantity / MOQ	10
Width	9.5 cm

Marketing specifications

Expected benefits	More light
Product highlight	30% More light
