

Reflector

- 13 (120W)
- E27 cap
- Warm White

046677429409

Durable LED accent lighting with a bright beam

Create a warm, inviting ambiance

Philips LED reflectors provide a dimmable, warm white light, an exceptionally long life, and significant energy savings. With a modern and elegant design, this bulb is the perfect replacement for reflectors with large (E27) screw caps.

Benefits

Warm sparkling light
- Cool, energizing light (3000K)

Long life
- Lasts up to 25 years

Create a warm atmosphere
- High color rendering (CRI > 80) for vivid colors

Easy to use
- Instant light when switched on

Innovative design
- Our perfectly clear LED light bulb

Sustainable choice
- Very low energy consumption; saving at least 80%

PHILIPS

Features

Cool, energizing light (3000K)

Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more cozy light, while those with a higher Kelvin value produce a cool, more energizing light.

Lasts up to 25 years

With a lifetime of up to 25.000 hours, this Philips LED lamp will ensure your desired atmosphere for up to 25 years.*

High color rendering (CRI>80)

The color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colors truly and naturally.

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Our perfectly clear LED bulb

Philips LED technology is continously developing and creating even better replacements for traditional light sources. This innovative LED bulb is the perfect replacement for clear incandescent light bulbs, while far surpassing them in terms of energy efficiency.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Bulb characteristics

Shape	Reflector
Type	PAR38
Cap/fitting	E27
Dimmable	No
Voltage	110 - 130 V

Durability

Average life (at 2.7 hrs/day)	25 year(s)
Lifetime of lamp	25000 hour(s)
Lumen maintenance factor	0.7

Light characteristics

Application	Accent light
Color temperature	3000 K
Light output	830 lumen
Color rendering index (CRI)	84
Color	Warm White
Light effect/finish	Warm White
Warm-up time to 60% light	Instant full light
Beam angle	25 degree

Power consumption

Wattage	13 W
Wattage equivalent	120 W
Energy efficiency label	A+
Power consumption per 1000h	13 kW·h

Rated values

Rated lifetime	25000 hour(s)
Rated luminous flux	830 lumen
