PHILIPS

Features

Choose among 16 colors

Choose your favorite color out of the 16 different colors including white.

Diffused light effect

All the different colors blend naturally into your interior thanks to the diffused light effect with an output of 125 lumen / meter.

Automatic color changing mode

The remote control offers 4 different settings to automatically change the colors of the LightStrips.

Dimmable

Adjust the brightness by using the remote control.

Cornering without limits

The LightStrips Flex are easy to install in different types of applications. The 4 included flexible connectors allow you to make every possible corner when necessary.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

Plug & Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug & play principle. Everything you need is already included in the box and explained in the Quick Start Guide.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated adhesive strip on the backside.

Easy to connect

The LightStrips Flex are easy to connect thanks to the integrated pin contacts. It is possible to connect up to 1.6m or 5 individual pieces of LightStrips Flex.

Easy-to-use remote control

The easy-to-use remote control includes on/off, color selection, dimming and color loop buttons.

Protective silicon layer

Enhanced protection for electrical parts against dust and moisture, even during cleaning.

Safe LED technology

The LightStrips are safe to touch and use without the risk of open electricity.
