

Spot

- 2 W (20 W)
- GU10 cap
- White

8718291670643

Durable accent lighting with a focused bright beam

Avoid the hassle of changing spots

Philips LED spots provide an exceptionally long life and significant energy savings. With its bright colour temperature, this spot is the perfect long-lasting replacement for your modern lighting spots.

Benefits

Create an active atmosphere
- Cool, energising light (3000 K)
- High colour rendering (CRI > 80) for vivid colours

Pure and elegant design
- Smooth surface and high-quality finishing

Easy to enjoy
- Avoid the hassle of constant changing

Sustainable choice
- Very low energy consumption, saving up to 90%
- Lasts up to 10 years

PHILIPS

Features

Cool, energising light (3000 K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

Avoid the hassle of changing bulbs

The durable alternative to halogen spots, Philips LED spots can be installed and forgotten about, maintaining their beautiful light beam for years and years to come.

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Lasts up to 10 years

With a lifetime of up to 10,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 10 years.*

Smooth surface

Designed to last, this LED spot offers all of the most recent innovations based in high-quality materials. It is a truly perfect fit for your current fixtures.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Bulb characteristics

Shape	Spot
Cap/fitting	GU10
Voltage	220-240 V
Dimmable	No

Power consumption

Wattage	2 W
Wattage equivalent	20 W
Energy efficiency label	A+
Power consumption per 1000h	2 kW·h

Light characteristics

Application	Accent light
Light output	105 lumen
Beam angle	50 degree
Colour	White
Colour temperature	3000 K
Light effect/finish	White
Starting time	< 0.5 s
Warm-up time to 60% light	Instant full light
Colour consistency	6 SDCM
Rated centre beam intensity	120 cd

Durability

Lifetime of lamp	10000 hour(s)
Number of switch cycles	50000
Lumen maintenance factor	0.7
Average life (at 3 hrs/ day)	10 year(s)

Bulb dimensions

Height	55 mm
Width	50 mm

Other characteristics

Mercury content	0 mg
Power factor	0.5
Lamp current	45 mA

Rated values

Rated power	2.0 W
Rated luminous flux	105 lumen
Rated lifetime	10000 hour(s)
Rated beam angle	50 degree

LED

* *Based on average usage of 3 hours per day
