Always light when you come home

Simplicity itself, the Philips myGarden Cloud wall light features an adjustable head for light in any direction. LED lighting and aluminium design give a modern look and beautiful light. A motion sensor welcomes you home at night.

Benefits

Designed for your garden

- Easy-to-set-up sensor
- IP44 - weather-proof
- Motion sensor, for convenience and reassurance

Sustainable light solutions

- High quality LED light
- Warm white light
- Energy saving
- Long operating life of up to 15 years

PHILIPS

Features

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Easy-to-set-up sensor

A simple set-up procedure makes it easy to select when and for how long the automatic sensor switches on the lamp(s).

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - weather-proof

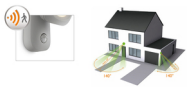

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for general outdoor use.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 15,000 hours (which equals 15 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Motion sensor

A motion sensor is included to welcome you when you return home or let you know when someone's coming.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Design and finishing

Material	aluminium synthetics
Colour	grey

Extra feature/accessory incl.

Motion sensor	YES
Weatherproof	YES

Product dimensions and weight

Height	18.5 cm
Length	13.3 cm
Width	15.9 cm
Net weight	0.584 kg

Technical specifications

Mains power	Range 220 V–240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs	1

Wattage bulb included	3 W
Light colour	warm white
Lamp lifetime up to	15,000 hrs
Beam angle	115°
Total lumen output fixture	270 lm
Fixture dimmable	No
LED	Yes
Built-in LED	YES
IP code	IP44 protection against objects bigger than 1 mm protection from splashed water
Class of protection	I - earthed
Light source equivalent to traditional bulb of	30 W

Service

Warranty	2 year(s)

Packaging dimensions and weight

Height	23.8 cm
Length	14.3 cm
Width	11.3 cm
Weight	0.737 kg

Miscellaneous

Especially designed for	Garden and Patio
Style	Contemporary
Type	Wall light
