ClickShare CSC-1

Full-featured wireless presentation system for high-profile meeting rooms and boardrooms

- **Wireless connection to central screen**
- **Up to 4 users on-screen**
- **Share from laptop, tablet or smartphone**
- **Central management**
- **Delivered with 4 Buttons**

ClickShare is Barco's wireless presentation and collaboration system, that allows any meeting participant to share content on the central meeting room screen.

An unmatched user experience

At the click of a button, the content of your laptop, tablet or smartphone is displayed on the large screen. The result is that all participants are involved more intensely in the decision-making process. Coupling extreme simplicity with an unmatched user experience, everybody who has used ClickShare is immediately hooked.The system's stability and ease-of-use, also drastically limits the number of needed interventions by the IT department.

More pixels, more content

If you are driving two projectors, two screens, or Double HD canvas, the full-featured CSC-1 Base Unit is the right choice. This unit is fully compatible with the ClickShare Buttons and the apps for mobile devices, and was optimized for use in high-profile meeting rooms and boardrooms.

Optimized collaboration experience

By enabling to display the content of up to 4 users simultaneously, the CSC-1 Base Unit brings a complete Clickshare collaboration experience. 64 Buttons can be wirelessly connected to the Base Unit, ready to share. Furthermore, perfectly synchronized sound and video ensures that movie clips can be optimally enjoyed. And dynamic content from iPads, iPhones and Samsung Galaxy devices can be shown directly to the screen using the specialized apps. For other Android devices, you are restricted to showing static content.
