- Simple to use and clean, quick and easy assembly
- Compatible with the Philips Avent range
- Different flow rate teats available
- Always use the adapter ring

PHILIPS
AVENT

Baby Bottle
3 Classic bottles 9 oz/260 ml, Slow flow teat

SCF642/37

Highlights

Unique anti-colic system

As your baby feeds, the unique valve on the teat flexes to allow air into the bottle instead of your baby's tummy.*

Helps settle your baby

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behaviour". The Philips Avent Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs. 74 min, p=0.05). This was especially true at night.**

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Easy latch on

Unique valve on the teat flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and gas

Compatibility across the range

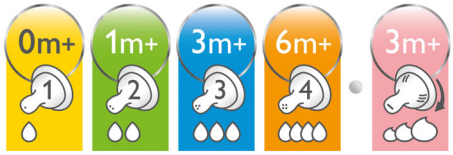

The Philips Avent Classic bottle is compatible with the Philips Avent range, excluding Natural bottles. We advise using Classic bottles with Classic feeding teats only.

Ergonomic shape

Due to the unique shape, the feeding bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Fit your baby's growing needs

The Philips Avent Classic bottle offers different flow rates to keep up with your baby's growth. Remember that age indications are approximate as babies develop at different rates. All teats are available in twin packs.

BPA free*

The Philips Avent Classic+ feeding bottle is made of BPA-free* material (polypropylene).
