Warm white light, no compromise on light quality

Create a warm and inviting atmosphere

Philips LED light bulbs provide a beautiful, warm white light, an exceptionally long life and immediate, significant energy savings. With a pure and elegant design, this bulb is the perfect replacement for your clear incandescent bulbs.

Benefits

Create a warm atmosphere
- True incandescent-like warm white light (2700 K)
- High colour rendering (CRI > 80) for vivid colours

Pure and elegant design
- Smooth surface and high-quality finishing

Innovative design
- Our perfectly clear LED light bulb

Instant brightness
- Instant light when switched on

Sustainable choice
- Very low energy consumption; saving at least 80%
- Lasts up to 15 years

PHILIPS

Features

Our perfectly clear LED bulb

Philips LED technology is continuously developing and creating even better replacements for traditional light sources. This innovative LED bulb is the perfect replacement for clear incandescent light bulbs, while far surpassing them in terms of energy efficiency.

Warm white light (2700 K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Lasts up to 15 years

With a lifetime of up to 15,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 15 years.*

Smooth surface

Shaped in a familiar way, this LED bulb offers all of the most recent innovations while maintaining the look and feel of a traditional bulb.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Bulb characteristics

Shape	Standard
Cap/fitting	E27
Voltage	220-240 V
Dimmable	No

Power consumption

Wattage	6 W
Wattage equivalent	40 W
Energy efficiency label	A+
Power consumption per 1000h	6 kW h

Light characteristics

Light output	470 lumen
Application	Comfortable light
Beam angle	150 degree
Colour	Warm White
Colour temperature	2700 K
Light effect/finish	Warm White
Starting time	< 0.5 s
Warm-up time to 60% light	Instant full light
Colour consistency	6 SDCM
Colour rendering index (CRI)	80

Durability

Number of switch cycles	50000
Lumen maintenance factor	0.7
Average life (at 3 hrs/ day)	15 year(s)

LED

Bulb dimensions

Height	102.6 mm
Width	56.2 mm

Other characteristics

Mercury content	0 mg
Power factor	0.6
Lamp current	40 mA

Rated values

Rated power	6.0 W
Rated luminous flux	470 lumen
Rated lifetime	15000 hour(s)
Rated beam angle	150 degree

* *Based on average usage of 3 hours per day
