Product Description

If you've ever been using an iPad® or iPhone® and found yourself wishing you had a thin, compact wireless keyboard to work with so you could type faster, Kensington has the answer for you. Our Mobile Bluetooth Keyboard connects quickly to your device with the push of a button so you can stop struggling with the virtual keyboard on the screen. With 6 rows of island-style, high-performance keys, it's provides a similar experience to typing on a laptop. There are also iOS-specific shortcut keys so you can cut down on keystrokes. The keyboard is made ultra-thin stainless steel, giving you a sturdy platform for typing while remaining lightweight.

Features

- Wireless Bluetooth® connectivity to easily pair with an iPad® or iPhone®
- 6 rows of island-style, high-performance keys
- Ultra-thin, stainless steel construction for strong, lightweight sturdiness
- Shortcut keys designed for iOS
- Includes Micro USB to mini USB charging cable
