The way to victory

The long road to victory is paved by the quick responding linear mechanical GXT-RED switches that last up to 50 million keystrokes. The polling rate up to 1.000 Hz and response time up to 1ms will give you the speed of a professional.

Accuracy and precision

The N-key rollover anti-ghosting technology grants you the precision of a true e-athlete. You won't lose your game anymore over a misfire: work endlessly on your rankings without losing your accuracy.

Shining armour

The Asta keyboard features 7 rainbow wave colour modes with adjustable brightness. This makes it the preferred gear for those intense gaming sessions.

Forged for convenience

The Asta is forged to combine style with convenience. The 11 direct access media keys give you the possibility to adjust volume, start a search or open your email with just one push of a button. The keyboard also has a cable channel for optimized cable management and anti-slip rubber feet to give you the stability to build your skills all the way to the top!
