EGU6647LOX Built-in Hob

The professional way to cook - using minimum energy

The hob's Vertical Flame burner enables you to fry, sauté, boil and simmer as effectively as a professional chef. It minimises heat losses, allowing you to save valuable energy.

Boosts your cooking space

Use different sized pots and pans with an innovative new arrangement of burners that increases your hob's cooking space. A great solution for whenever you need to cook for that big occasion.

A new level of flexibility for using pans of different sizes

Because this hob has three different sizes of burner, it gives a new level of flexibility for using your different-sized pots and pans more effectively.

More Benefits :

- Cast-iron supports to provide a robust and durable cooking base
- Automatic hob ignition allows you to get started without delay
- Automatic gas cut-off – a practical solution for peace of mind
