Work better, faster and smarter

PaperStream Capture Pro

Optimise your business processes with our powerful, user-friendly, end-to-end capture solution

For organisations that depend on paper-based processes, PaperStream Capture Pro is the scanning, extracting and releasing software that enables you to digitise your paper-based data in order to optimise your information flow and knowledge sharing. With PaperStream Capture Pro, you can:

- Improve workflows
- Increase efficiency
- Achieve easier compliance
- Gain better visibility
- Perform with greater agility
- Enhance customer experiences

THE SMARTER SOLUTION FOR PROGRESSING FROM PAPER TO DIGITAL PROCESSES

Used with Fujitsu's fi Series document scanners, PaperStream Capture Pro enables you to automatically and reliably convert documents to a digital format through a four-step process:

- Scanning
- Verification
- Extracting and indexing
- Releasing

Once in a digital format, you can release the data into a downstream process – targeting archives, knowledge bases or workflows.

Combining comprehensive driver, powerful image optimisation and full featured capture software, PaperStream Capture Pro allows you to:

- Manage and control information capture workflows
- Automate and streamline processes
- Reduce time and manual input to be more cost effective
- Improve speed of access to information
- Expand sharing of knowledge
- Integrate into any workflow

IMPROVE YOUR SOLUTION WITH PAPERSTREAM CAPTURE PRO

The PaperStream Capture family is designed to meet the needs of every type of application. PaperStream Capture Pro can scale from one to multiple workstations, making it a suitable solution for small and medium sized businesses (SMBs)right up to enterprise clients.

The business advantage with PaperStream Capture Pro

Combining PaperStream Capture Pro with Fujitsu's industry-leading scanner technology puts your business in the fast lane. From simple set up to scanning and releasing, PaperStream Capture Pro enables you to:

- Improve productivity with better processes throughout
- Ensure compliance with records security and accessibility
- Decrease paper dependency and increase location and outsourcing flexibility
- Reduce data entry costs
- See and control investment costs with a flat fee perpetual licence scheme
- Scale from one to multiple workstations

THE BENEFITS THAT STRENGTHEN YOUR OPERATION

Saving time, ensuring accuracy and optimising image quality throughout the entire capture process, PaperStream Capture Pro integrates our driver and image enhancement technology – PaperStream IP. This streamlines the process, not just while scanning, but also during the import of legacy files and even after scanning for post-scan corrections.

OPTIMAL LICENSING WITH MAINTENANCE SUPPORT INCLUDED

Unlike most other professional capture software, the cost of your software does not increase with your scan volume. Whether you scan 1 million or 50 million documents, your cost remains the same.
