Item no. 460-11 · 5705730460111

Sandberg Bluetooth Touchpad Keyboard UK

The Sandberg Bluetooth Touchpad Keyboard combines a wireless keyboard and mouse in a single compact and handy device. The built-in, user-friendly touchpad takes on all mouse functions such as scroll and double-click. The Sandberg Bluetooth Touchpad Keyboard is a handy and time-saving solution for lots of different Bluetooth devices. Typing on the screen of a tablet PC, with the joypad for a games console or on a computer connected to the TV can be a slow process. This is the solution! The keyboard connects wirelessly to the desired device via Bluetooth in no time.

Play3r says:

"*The Sandberg Bluetooth Touchpad Keyboard was a gem to type on. The scissor switches are so comfortable on the fingertips and the large flat keys improved my typing accuracy. I didn't notice any delay from the Bluetooth transmission whether from the keys or the mouse pad, every input was faithfully and quickly translated to the screen whether that be my monitor,*
