- Includes one AA battery, for up to 2 months use
- Easy to clean and use in or out of the shower
- Ergonomic grip for maximum control
- Shower cord for easy storage

Built to last

- 2 year guarantee, no oil needed

PHILIPS

Features

Skin protection system

The unique skin protection system guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5mm without direct contact between the sharp edge of the blades and your skin.

Bidirectional trimmer and comb

Uniquely designed with a bidirectional trimmer and 3mm comb, this tool makes it possible to catch and cut hairs even when they grow in different directions. For thicker hair, pre-trimming with the comb is recommended.

AA battery power

This compact, AA battery-powered trimmer can be used whenever, and wherever you need it. One battery delivers up to two months use, run-time may differ depending on hair type and body grooming frequency. For optimal performance use only high quality Philips Alkaline AA batteries.

100% waterproof

This body groomer is 100% waterproof and showerproof, so you can simply rinse it clean when you've finished. For best results, use on dry hair before you shower.

Ergonomic grip

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

Shower cord

Use the shower cord to hang your body groomer where it's most convenient for you. Easily accessible and always ready to go, whatever the occasion.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee and they never need to be oiled.
