L69670VFL Front loaded WM

Wash small and large loads efficiently

This AEG washing machine with AutoSense technology automatically adjusts time, water and energy usage to the size of your load. This means you can efficiently run both small and larger loads and save precious resources. Woolmark Blue certified.

Automatic adjustment of time, water and energy needed for the load

The AutoSense feature in this washing machine automatically adjusts the time, water and energy consumption to the size of your load, from 1/4, 1/2, 3/4 to full loads. This way you will never waste water or energy.

Convenient loading and unloading with extra-large door opening

The extra-large door opening in this washing machine makes it much easier to load and unload your laundry, even when you're washing bulky items such as pillows, sheets and duvets.
