PLEASE READ: IMPORTANT ADAPTATION INFORMATION FOR REGIONS

This datasheet is a WW version and several parts may not be relevant to some markets. It is the responsibility of the local teams to ensure it is thoroughly checked and updated with locally relevant content before it can be used in market. Some areas you need to check are listed below.

PLEASE REMEMBER TO REMOVE THIS PAGE BEFORE YOU RELEASE THE DATASHEET IN MARKET

PART 1: CONTENT LOCALIZATION IN 4 STEPS

STEP 1: Features and specifications

- Please check the following content on both pages and make sure they are available in your market, else please localize:
  1. Features
  2. Specifications
  3. Accessories and corresponding images
  4. Services
- Please update the last section on the second page on which other relevant product categories the customer should look at if they feel the current product does not suit their requirement

STEP 2: Call-to-action changes

- The toll-free number included on each page is a dummy number. Please customize it to your market.
- Please ensure that all the hyperlinks are appropriately working

STEP 3: Localize legal footnotes

- We try our best to provide guidance on legal footnotes in the WW version especially on standard footnotes and any product claims being made. But it is not practically possible at a WW level to cover all the guidance that can work across multiple geos. It is the responsibility of the local team to check the legal footnotes on both pages and add/remove footnotes per their local legal requirements.
- If you are making any additional product/feature/customer claims, please make sure you support it with the right legal footnotes within the datasheet.

STEP 4: Alliance compliance

a. **MANDATORY:** Local MDA approvals: The WW version has been made MDA compliant. However, it is the responsibility of the geo/region/country team adapting the datasheet to ensure it's uploaded again for MDA compliance after localization.

b. **ALLIANCE FUNDING:** If the datasheet is funded by an alliance partner, please adapt the datasheet to those guidelines. You may choose to remove the Intel logo from both pages if the tactic is not being funded by Intel.

PLEASE READ: IMPORTANT ADAPTATION INFORMATION FOR REGIONS

PART 2: SEO COMPLIANCE IN 5 STEPS

Pdfs can get indexed by search engines just like a normal webpage. It's important that we optimize them for search, else they may not rank very high in search results. Or may not get indexed and found at all.

Once you have localized the datasheet content (from PART 1 above) and have the pdf ready, we recommend you follow these simple steps to make this datasheet more SEO-friendly, before you upload the datasheet online. It should take you all of 5 minutes.

You need the full version of Adobe Acrobat (NOT Adobe Reader) to be able to do this. Please request your agency to take care of this.

STEP 1: Is the file name clear and self-explanatory?

If you're changing the file name from what is used for the WW file, then make sure it is not too long and gives an easy indication to the reader what the file is about, eg: **Lenovo_Vibe Z2 Pro_Smartphone.pdf** is fine, but "Lenovo _Vietnam_ Hires_53627_convertible.pdf" is not clear.

STEP 2: Has your file metadata been updated?

Go to File›Document properties›Description and update the fields as below:

File – automatically takes the file name you have chosen

Title – Please use **Lenovo_Vibe Z2 Pro_Smartphone**

Author – Lenovo

Subject – Please use - **Big and bold with an immersive 6" 2KHD display, the VIBE Z2 Pro is built to unleash your creativity.**

Keywords – **Lenovo, Smartphone, Vibe Z2, 6 inches, 2KHD display.**

Under Additional metadata (if available in your Adobe Acrobat version), update as follows:

Copyright Status: Choose 'Copyrighted'

Copyright Notice: Copyright (c) 2014 by Lenovo Corporation

Copyright Info URL: http://www.lenovo.com/legal/copytrade.html

Under Advanced metadata(if available in your Adobe Acrobat version), update as follows:

Language – choose the appropriate language from dropdown list

STEP 3: Is the reading order correct?

- Select Advanced›Accessibility›Add Tags to Document
- Then, select Advanced›Accessibility›Touch Up Reading Order
- The "reading order" of the PDF is displayed. This shows you what content will be displayed first in a search result. If this is not fixed, sometimes even the legal line can get picked up to display in a search result.
- You can use the same 'Touch Up Reading Order' tool to change the reader order.
- Reading order can be fixed as below – Headline followed by Body copy followed by Why buy section followed by Who buys section.

STEP 4: Have your pdf elements been tagged correctly?

- Go to File›Document properties›Description
- Run an Accessibility Full Check to look for non-compliance.
- Is the body copy on page 1 tagged as text?
- Is the main product image on page 1 tagged as Image/Figure?
- Add the product name as Alt Text to the main product image.

STEP 5: Pdf size and version

1. Total web page weight should not be much more than 1-2MB. If it is more, then go to Advanced›PDF Optimizer and 'right-size' the document.
2. Then select Preferences›General Settings›Optimize for Fast Web View (this allows the PDF to be "loaded" a page at a time, rather than waiting for the whole PDF to download to be able to read)
3. For datasheets which don't have an animated product image on page 1, save your PDF as version 1.6 (Acrobat 7) or lower

lenovo FOR THOSE WHO DO.™

LENOVO® VIBE Z2 PRO SMARTPHONE

PUT YOUR STANDALONE CAMERA BEHIND YOU.

A SMARTPHONE TO UNLEASH YOUR CREATIVITY.

Big and bold with an immersive 6" 2KHD display, the VIBE Z2 Pro is built to unleash your creativity. Shoot in stunning 16MP detail with optical stabilization, low-light sensor, pro shooting modes and more, for brilliant shots in any situation. Qualcomm® Snapdragon™ 801 processor and 3GB of RAM give you maximum performance in pure style, with the metallic brushed-weave unibody design.

"Impressive enough for your elevated tastes."
- Android Authority

WHY BUY A VIBE Z2 PRO SMARTPHONE?

1 AMAZING 16MP CAMERA

Unleash your creativity with Optical Image Stabilization, all-new pro-shooting modes, low-light sensor and more.

2 STUNNING 6" SCREEN

Photos, videos and games come to life with stunning clarity on the big, brilliant 6" 2KHD screen.

3 BLAZING PERFORMANCE

2.5 GHz Quad-Core Qualcomm® Snapdragon™ 801 processor, powers a premium entertainment experience.

4 UNIBODY DESIGN

Remarkably slim unibody design at just 7.7 mm thin and a metallic brushed-weave unibody design that oozes pure style.

WHO NEEDS A VIBE Z2 PRO?

1 Photo fanatics who want the most advanced smartphone camera with pro-style features.

2 Tech-savvy people who want the latest, best-in-class big-screen smartphone with powerful performance.

3 Multimedia mavens who want cutting-edge entertainment and powerful functionality.

lenovo® FOR THOSE WHO DO.™

SPECIFICATIONS

DESIGN

Weight:
179 g (0.4 lbs)

Display

Size: 6.0" (2560 x 1440) Quad-HD display

Type: Capacitive touchscreen with 16M colors

Color

Ebony, Graphite Grey, Champagne Gold

Integrated Camera

Rear
16MP auto-focus rear camera with LED Flash, RGB and BSI sensors

Front
5MP fixed-focus front camera with RGB sensor

Operating System

Android™ KitKat v4.4

SIM

Dual micro-SIM support

Sensors

Gravitation, Proximity, Light, E-compass

PERFORMANCE

Processor

Qualcomm® Snapdragon™ MSM8974AC
2.5 GHz Quad-Core processor

Sound

1 x Speaker, 3.5 mm Jack

Memory

RAM: 3GB, **ROM:** 32GB

Battery*

Type: 4000 mAh Li-polymer battery, embedded

Standby (Days): Up to 39.5 days (2G / 3G / 4G)

Talk time (Hrs): Up to 45 hours (2G / 3G / 4G)

CONNECTIVITY

Connectivity/Radios

Band:
LTE (4G)

Data:
GPRS, EDGE, HSPA+, LTE

Speed:
HSPA + 150 Mbps (DL) / 50 Mbps (UL)

WLAN:
WiFi 802.11 b/g/n/ac, WiFi hotspot

2G Network:
WCDMA 850 MHz / 900 MHz / 1800 MHz / 1900 MHz

3G Network:
850 MHz / 900 MHz / 1700 MHz / 1800 MHz / 1900 MHz

4G Network:
FDD Band 1, 3, 7, 20

Bluetooth:
Bluetooth® 4.0 HS

GPS:
A-GPS support

SOFTWARE

Applications Included

Social Networking:
Facebook®, Skype™, Twitter

Utilities / Cloud / Navigation / Security:
Google Android™ Suite, SHAREit, Security, SYNCit, CLONEit, SNAPit Camera, SEEit Gallery, AccuWeather, UC Browser, Route 66 Navi+Maps, Evernote®, Guvera Music

Games:
BonBon Factory, Asphalt 8, Green Farm 3, Real Football 2014, 100% Games

* Battery life based on simulation results and is an estimated maximum average. Actual battery life may vary based on many factors. A description of the environment under which the test was performed is available upon request.

ACCESSORY

Flip Cover

What's in the box?
Handset, Travel Adaptor, USB Cable, Warranty Card, User Guide and Earphone.
