MAKING IT PERFORM

OTG Flash Drive USB3.0

Hypertec USB3.0 OTG Flash Drive

Easily transfer files from your Android ™ smartphone or tablet to your PC with the Hypertec OTG Flash Drive. With a micro USB connector on one end and a USB3.0 connector on the other, no drivers or transfer cables are required, files, music or videos can be transferred in a flash. Storing up to 64GB of data, makes the Hypertec OTG Flash Drive one of the most cost effective file transfer and storage devices for Android ™ smartphones or tablets on the market.

Features

- Dual connectors for easy file transfer, simply download any 'file sharing' app of your choice to manage files on your Android™ device.
- Storing up to 64GB of data the Hypertec OTG drive provides plenty of space for digital photos or music files.
- Micro slimline design, available in 16GB, 32GB and 64GB capacities.
- USB3.0, backwards compatible with USB2.0 and USB1.1.
- Backed by free Hypertec Technical UK Support and 2 year limited warranty.
- Branding available - call and ask for further details.
