- Drip stop integrated in the spout
- QuickClean technology
- All pulp collected in one place for easy disposal
- QuickClean sieve
- Smooth and easy-to-clean surfaces
- Recipe booklet full of inspiring juice recipes

**Compared to Philips' predecessor model HR1858

Highlights

Quick and easy assembly

Quick and easy assembly of all parts.

2 speeds

The 2 speeds of the Philips Juicer allow you to extract the most out of your favourite fruit and vegetables — both soft and hard.

Make 2.5 L in one go

Thanks to the innovative juice extraction system with the upside down sieve, this juicer extracts up to 10% more juice*. And depending on the type of fruit or vegetables you juice, it is possible to make up to 2.5 litres of juice in one go without the need to empty the pulp container.

XXL feeding tube

The 80 mm extra-large feeding tube allows you to juice even large fruit and vegetables like apples, carrots and beetroots without pre-cutting.

Juice the toughest ingredients

Drip-stop

Always keep your kitchen counter clean, even when you have finished juicing.The drip stop prevents any juice from dripping onto the table.

QuickClean technology

The Philips juicer is designed for easy cleaning thanks to QuickClean technology. Cleaning can now be done within 1 minute, thanks to the integrated pulp container and smooth surfaces.

Integrated pulp container

The pulp will all be collected in the only place where it should be: in the pulp container of your Philips juicer. That means you no longer need to remove pulp from other parts such as the lid. Due to the round design and smooth surfaces without nooks and crannies, the pulp is easy to reach and the container is much easier to clean.

QuickClean sieve

A lot of pulp fibres usually get stuck in the sieve, which makes it very difficult to clean. Thanks to the innovative QuickClean technology, all surfaces of the sieve are smooth, which helps you wipe away the fibres with a standard kitchen sponge.

Specifications

Accessories

Spout accessory: Yes
Juice jug: Yes

General specifications

Non-slip feet: Yes
Integrated cord storage: Yes
Recipe booklet: Yes
Safety clamps: Yes
Speed setting: 2

Design specifications
