Giving light a new experience

Grab and bend, flex and go. A highly directional, precise beam of light mounted on a fully flexible arm that stays exactly where you point it.

Benefits

Elegant design meets innovative technology

- Flexible arm
- High light quality with strong light output
- High Power LED
- On/off switch on article
- Cool white light effect

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Features

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

PHILIPS

Flexible arm

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

On/off switch on article

With the button discreetly integrated to the article, you can easily switch the light on and off.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Cool white light effect

Light up your home with cool white light effects thanks to the latest LED innovation. Philips introduces the latest generation of cool white light high power LEDs, reaching a color temperature of 4000 Kelvin. This innovation brings our luminaires to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Specifications

[field not found 'disclaimer_text']

Design and finishing

Material	aluminium
Color	black

Product dimensions & weight

Height	51 cm
Length	13.1 cm
Width	13.1 cm
Net weight	1.400 kg

Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED 240 V
Number of bulbs	1
Wattage bulb included	2.5 W
Light color	cool white
Lamp lifetime up to	20,000 hrs
Beam angle	120°
Fixture dimmable	No
LED	Yes
IP code	IP20 protection against objects bigger than 12.5 mm no protection against water
Class of protection	II - double insulated

Service

Warranty	1 year(s)

Packaging dimensions & weight

Height	24.4 cm
Length	23.1 cm
Width	14.6 cm
Weight	2.100 kg

Miscellaneous

Especially designed for	Home office & Study
Style	Modern

Type	Table lamp
