Highlights

Learn about light

Colour temperature: light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, more tranquil light, while those with a higher Kelvin value produce a cool, more energising light. CRI: the colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural sunlight has a CRI of 100. The CRI of Philips LED light bulbs is always higher than 80, which ensures that colours are shown as true and natural.

Sparkling effect

With its clear, elegant design and innovative LED technology, this decorative bulb produces a warm, sparkling light effect, adding a touch of tranquility to your home atmosphere.

WarmGlow dimming

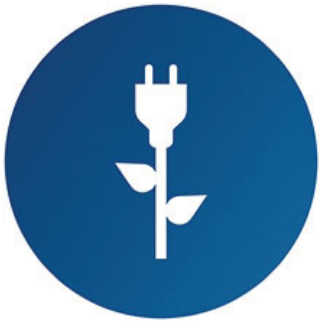

With this dimmable bulb, you can dim from a 2200 K warm light to a 2700 K light. The more you dim, the warmer the light.

15,000-hour rated average life

With a lifetime of up to 15,000 hours, you can reduce the hassle of frequently replacing your light bulbs, and enjoy a perfect lighting solution for over 15 years.

Saves up to 80% energy

LED technology saves up to 80% energy compared to your standard bulb. It therefore pays for itself and saves you money year after year. It also helps to protect the environment.

Perfect for decorative fixtures

Modern lighting in Philips LED candles for use in decorative fixtures, such as in chandeliers, ceiling fans, vanity strips and post lights.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Candle (Dimmable)
6 W (40 W) B22, Warm Glow, Dimmable

Specifications

Bulb characteristics
- Shape: Candle
- Cap/fitting: B22
- Dimmable
- Voltage: 220–240 V
- Wattage: 6 W
- Wattage equivalent: 40 W

Power consumption
- Energy efficiency label: A+
- Power consumption per 1000h: 6 kW·h

Light characteristics
- EyeComfort: Eye Comfort
- Light output: 470 lumen
- Colour: Warm White, From warm to extra warm white
- Colour temperature: 2200-2700 K
- Light effect/finish: Warm White
- Colour rendering index (CRI): 80
- Starting time: <0.5 s
- Warm-up time to 60% light: Instant full light

Durability
- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 50000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

Bulb dimensions
- Height: 111 mm
- Width: 38 mm

Other characteristics
- Mercury content: 0 mg
- Power factor: 0.7
- Lamp current: 35 mA
- Range: WarmGlow

Rated values
- Rated power: 6 W
- Rated luminous flux: 470 lumen
- Rated lifetime: 15000 hour(s)

Issue date 2018-10-30
Version: 5.1.1
