Ariete presents a new product in the iron line and welcomes Stiromatic Instant PRO, a rechargeable ironing system with instantaneous steam generator, which will make you save time and effort ensuring excellent performance. Stiromatic Instant PRO is immediately ready with lots of steam and it is very simple to use, thanks to the removable tank which facilitates the charging, to the removable cartridge that provides maximum protection against scale and to the very smooth ceramic plate that eliminates the folds in one pass. In addition, the comfortable handle and the cord storage integrated into the base make the product convenient to transport and store.
