

Philips EasySpeed
Steam iron with Non-stick soleplate

Steam 25 g/min
Non-stick soleplate
Anti-calc
1900 Watts

GC1018/40

Fast, from start to finish

3 ways to speed up your ironing

This EasySpeed iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate and continuous steam.

Comfortable ironing
- A fine spray evenly moistens the fabric
- Even steam distribution for efficient ironing
- Triple precision tip for optimal control and visibility

Longer lifetime
- Calc clean slider to easily remove scale out of your iron

Easily removes creases
- Continuous steam up to 25 g/m for good crease removal
- Non-stick soleplate coating
- Power up to 1900 W enabling constant high steam output

PHILIPS

Steam iron
Steam 25 g/min Non-stick soleplate, Anti-calc, 1900 Watts

GC1018/40

Highlights

Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Continuous steam up to 25 g/m

Continuous steam up to 25 g/m for good crease removal.

Non-stick soleplate

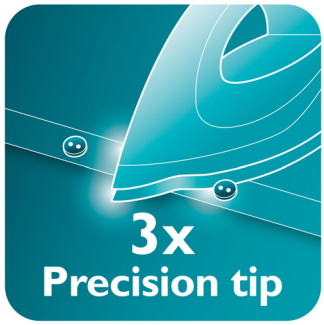

The soleplate of your Philips iron is coated with a special non-stick layer for good gliding performance on all fabrics.

Even steam distribution

Thanks to the carefully crafted soleplate design, the steam is distributed evenly across the soleplate. This way you need less strokes to evenly moisten the garment and therefore less time to complete the ironing.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Power up to 1900 W

Power up to 1900 W enables constant high steam output.
