- Treatment delivered in 6-8 minutes*

Stylish, robust design

- Robust design meets reliability

Proven SideStream technology

- Proven nebulizer technology

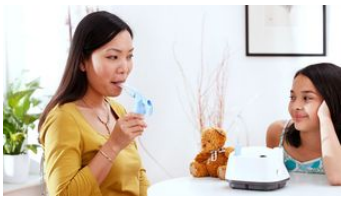

For use in hospital and home

- Consistently produces high-quality aerosol
- Compatible with commonly prescribed nebulizer medications

PHILIPS

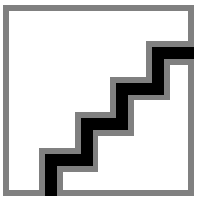

Features

Designed for continuous use

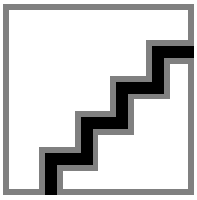

Robust enough for continuous use in both a clinical and family enviroment, InnoSpire Elegance provides consistent and reliable nebulizer therapy.

Treatment time

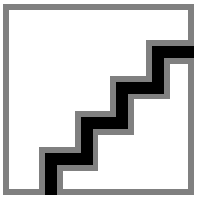

InnoSpire Elegance combined with our reusable SideStream nebulizer, is designed to provide fast drug delivery and short treatment times.

Power and style all in one

Designed to both fit your lifestyle and cope with frequent use. You can be confident that you will receive high quality aerosol for the life of the nebulizer.

Versatility

Capable of nebulizing a wide variety of medications that are routinely with nebulizers used to treat various respiratory conditions.

Proven nebulizer technology

Reduced Treatment Times - Our Sidestream nebulizer is specially designed to keep your treatment times as short as possible. As the InnoSpire Elegance pushes air through the tube, additional air is drawn in through the top of the nebulizer to create a fast flow of aerosol medication for you to inhale. Treatments can take as little as 6 minutes* Consistent delivery of high quality aerosol therapy - Sidestream is designed to withstand frequent and repeated use and will continue to efficiently deliver your nebulizer medication until it is time for replacement.
