Features

Warms in 3 minutes

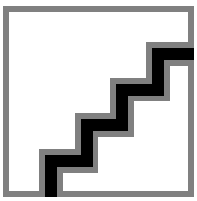

The bottle warmer will warm 150ml/5oz of milk in just 3 minutes*.

Warms quickly and evenly

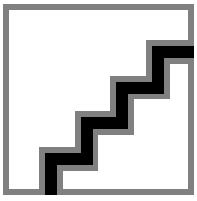

The bottle warmer warms quickly and evenly. By circulating the milk continuously as it warms, hot spots are also prevented.

Gentle defrost setting

The bottle warmer features a handy defrost setting. Safer than defrosting in a microwave and more convenient than using water, simply select the setting to defrost frozen milk or baby food to liquid.

Warms baby food too

As well as baby bottles, you can also use the bottle warmer to gently and evenly warm baby food.

Fully compatible

The bottle warmer is fully compatible with all Philips Avent bottles and containers*. Use it to warm bottles and baby food containers conveniently.

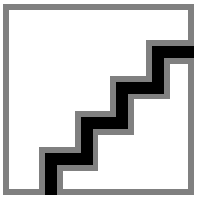

Easy to operate
