Highlights

2 Megapixel camera

Capture and enjoy precious memories in clear and sharp picture quality with 2 megapixel resolution. Vibrant, colorful pictures are just a click away.

2.6" QVGA IPS display2.6" QVGA
Experience true scintillating color with the 2.6" QVGA screen on your Philip mobile phone. Built with IPS technology to give you the best views from any viewing angle, your phone will display vibrant colors and vivid images in all your photos and graphics for endless multimedia fun and excitement. With bright colors and stunning visuals, what's not to like?

Dual SIM

Organize your life better and keep your contacts separate by using 2 different phone numbers. With Dual SIM, you don't need to carry 2 phones around.

External OLED display
Without flipping the phone open, view the time, missed call, SMS alerts, alarms, to-do list, radio station and track information conveniently by simply pressing the volume keys '+' or '-'. It also lets you choose radio channels and music with ease.

FM radio on the go
Enjoy the convenience of tuning in to FM radio the way you want - play it out loud through the phone's speaker or via your headset. Just plug in the headset, which acts as an antenna and select your listening option in the menu.

MP3 playback and ringtones
Use the data cable or an external memory card to transfer MP3 music files to your phone for a superior audio experience on the go. You can also personalize your ringtone with a selection from your MP3 files.

Stylishly compact
Make a bold statement and express yourself with your Philips mobile phone that comes with a trendy design and sleek finish. Be a trend-setter, not a follower!
