

Garment Steamer

- 2000 W
- 3 steam levels
- Double pole with Hang&Lock

GC612/36

Professional results for all garments

With PureSteam technology

Thanks to the innovative PureSteam technology, the new ProTouch garment steamer ensures powerful steam performance to give you professional results for years to come!*

Benefits

Professional results
- Penetrating powerful steam with up to 3 bar pump pressure
- Precision tips for challenging areas

More efficiency, less effort
- PureSteam technology ensures powerful steam over the years
- No descaling is needed, thanks to the PureSteam technology
- 3 steam levels for different kinds of fabrics

Reliable and safe
- Automatically switches to standby mode for safety
- Safe to use on all garments
- PVC free silicon steam hose

PHILIPS

Features

Penetrating powerful steam

The innovative PureSteam technology is fundamentally different from other steamers. With up to 3 bar pump pressure, it generates powerful steam which penetrates deep into the garments, enabling you to remove creases with only a few strokes.

Powerful steam over the years

Other steamers are easy to lose steam performance over time due to scale build-up, even if you clean it regularly. With the innovative PureSteam technology, the heater is automatically descaled while generating steam. This prevents scale from building up. It is so effective that the steam is powerful for years to come*.

No descaling needed

Steamers need to be descaled regularly to ensure steam performance. With our new PureSteam technology, the heater is automatically descaled while generating steam, so you don't need to worry about it.

3 steam levels

Set your preferred steam level for optimal results on different kinds of fabrics.

Precision tips

The Precision tips of the steamer head enable you to reach the challenging areas, such as the collar, the shoulder, and the in-between buttons, giving you precise results.

Safety auto off

When the water runs out, the power light will start blinking to remind you. If the product hasn't been used for another 8 minutes, it will go to standby mode automatically, ensuring safety.

Safe to use on all garments

The steamer is safe to use on all fabrics. It is a great solution for delicate fabrics like silk and cashmere.

PVC free silicon steam hose

The steam hose is made of silicon material which is the safe and healthy choice for use with steam. As the safety and health of your family is important, no PVC is used in the steam hose.

Specifications

[field not found 'disclaimer_text']

Technology

PureSteam Technology	Yes

Fast crease removal

Continuous steam	up to 40 g/min
Power	2000 W
Pressure	Max 3 bar pump pressure
Ready to use	<1.5 min
Variable steam	3 levels

Easy to use

Safe on all fabrics	Even delicates like silk
Soleplate name	SmartFlow Plus steam plate
Water tank capacity	2000 ml
Detachable water tank	Yes
Hang&Lock	Yes
Hose length	1.3 m
Power cord length	1.6 m
Refill any time during use	Yes
Safety auto off	Yes

Silicone steam hose	Yes
Tap water suitable	Yes

Scale management

Descaling and cleaning	Auto de-calc

Accessories included

Brush	Yes
Collar aid	Yes
Glove for extra protection	Yes
Pants hanger	Yes

Packaging dimensions

Height	55.40 cm
Width	50.50 cm
Depth	45.40 cm
Nett weight	6.69 kg
Gross weight	10.22 kg
EAN	08710103780847
Number of products included	1
Country of origin	CN
Harmonised Systems Code	851679

Outer Carton

Length	45.40 cm
Width	50.50 cm
Height	55.40 cm
Gross weight	10.22 kg
EAN	08710103780830
Number of consumer packagings	1

* *Tested according to IEC protocol with hard water for 500 hours to simulate 10 years of usage time.
