USB Type-C Laptop AC Wall Charger

APA93US

Overview

The USB Type-C AC Wall Charger is a convenient, portable wall charger for your USB Type-C laptop. With fold-away prongs and integrated cable management, it's easy to slip in your bag and easy to use. Features the user-friendly Type-C reversible connector for worry free connection at any orientation. Plus, a 6 ft. cable gives you plenty of flexibility in choosing an outlet. Use it as a smart alternative to bulky power bricks when you travel or commute, or as a spare charger for home or office. Works with Type-C enabled laptops, including MacBook® and Chromebook Pixel™C.

Features

- Charges and powers Type-C enabled devices
- Prongs fold away until you need them
- Versatile 6ft/2m cable
- Integrated cable clip for easy cable management
- Built-in surge protector safeguards your device
- Perfect spare or replacement charger
- 45 Watt charger supports 5V, 12V, and 20V devices up to 3 Amps
