VersaType™ for 9.7-inch iPad Pro™, iPad Air® 2, and iPad Air

THZ700US

Overview

The VersaType for 9.7-inch iPad Pro, iPad Air 2, and iPad Air adds functionality and protection to your device—while adding little in terms of bulk or weight. The hard shell case offers considerable scratch and impact protection when closed, and opens up a world of productivity. The keyboard is designed to provide a laptop-like typing experience with a full QWERTY layout. The case seamlessly transitions from closed, protective mode, to open laptop mode, to presentation mode to flat, hidden keyboard tablet mode. The specially engineered hinge rotates and pivots to achieve virtually any viewing angle desired. When the case is closed in protective mode, it puts the device to sleep and allows access to all ports.

Features

- Passes military grade 4ft. drop testing (MIL-STD 810G)*
- Seamless transition between protection mode and 3 viewing modes
- Get laptop-like performance from your iPad
- Battery delivers over 130 hours of use when fully charged
- Properly weighted and balanced to maintain a small footprint with maximum “screen” positioning
- Well-spaced, short throw keys provide accurate and comfortable typing
