Ionic Hair Styler "Straight & Curls" HS 5330

Product data

- Fashionable and flexible styling for volume and lift at the roots, shaped ends, as well as softly cascading waves and curls
- **PERFECT PROTECTION:** Premium **ceramic coating** of the styling plates with **keratin finishing** provides even heat distribution as well as easy sliding of the styling plates. In this way it protects stressed hair, activates the colour brilliance of the hair and provides for great shine
- **Switch on and switch off ionic function** helps prevent static charging and balances the moisture content of the hair by numerous ions covering the hair fibre and compensating for the loss of moisture caused by the heat. Hair gets shiny, gently hydrated and vitalized
- **Floating plates** distribute the pressure evenly on hair and straighten it without damaging
- **Individual temperature control** in 6 settings, from 120 °C to 210 °C, suitable for any type of hair (fine, normal, thick)
- Great convenience in safety and use
  - Fast electronic heating up time within 30 seconds to 100 °C
  - Lock function prevents accidental temperature alterations
  - Blue illuminated temperature LCD-display
  - Memory function of the last used temperature
  - 2.5 metre cable with hanging loop and swivel joint guarantees freedom of movement when styling
  - Switches off automatically after 60 minutes
  - Lock function
  - Worldwide voltage adjustment 120-240 V~, 50/60Hz
- Colour: Anthracite / Turquoise
