

Philips LED
Candle (Dimmable)

5 W (40 W)
E14
Warm white
Dimmable

8718696575253

# Designed to be seen

## Looks good off and on

Familiar shapes you know and love. They use around 80% less energy than traditional light bulbs thanks to the latest LED energy-saving technology, and last ten times longer.

### Designed for perfect light quality
- Vintage style, modern LED technology
- Omnidirectional light

### Create a warm atmosphere
- True incandescent-like warm white light (2700 K)

### Sustainable choice
- Very low energy consumption; saving at least 80%

### Great dimming performance
- Dimmable

PHILIPS

Candle (Dimmable)
5 W (40 W) E14, Warm white, Dimmable

8718696575253

# Specifications

### Lamp characteristics
- Shape: Candle
- Cap/fitting: E14
- Dimmable
- Voltage: 220–240 V
- Wattage: 5 W
- Wattage equivalent: 40 W
- Lamp shape code: B35

### Power consumption
- Energy efficiency label: A+
- Power consumption per 1000h: 5 kW·h
- Light output [lumen value]: 470 lm

### Light characteristics
- Colour: Warm White
- Colour temperature: 2700 K
- Light effect/finish: Warm White
- Colour rendering index (CRI): 80
- Starting time: <0.5 s

### Durability
- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 50000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

### Lamp dimensions
- Height: 118 mm
- Width: 35 mm

### Other characteristics
- Lamp current: 29 mA
- Range: LED Classic

# Highlights

### Warm white light (2700 K)
Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

### Dimmable

Designed to provide quality dimming to create the right ambience for any activity, from relaxed to active atmospheres.

### Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

### LEDClassic (filament)
LED Classic bulbs are based on standard LED energy-saving technology, except the LEDs are arranged in such a way as to mimic classic incandescent bulbs. Now you can enjoy this retro-style bulb with state-of-the-art technology.

### Omnidirectional light
This innovative lens delivers omni-directional light distribution, preventing the shadow that normally appears at the beam spread edge. The result? Natural, warm white light all around.
