BT5205/23

Effortless even trim

Dynamic beard guide system for an even result

This trimmer with full metal blades lets you achieve exactly the 3-day stubble, short beard, or long beard look you want. Our new integrated hair lift comb raises hairs for efficient one pass even trimming results

Benefits

Effortless trimming
- Lifts the hair up to the level of the blade for even results
- Guides the hairs to the cutter for effortless trimming
- Blades are double sharpened for faster trimming*

Perfect 3 day stubble
- Keep perfect 3-day stubble by using the 0.4mm setting daily

Skin-friendly performance
- Skin-friendly, high-performance blades for the perfect trim

Easy to use
- 17 Lock-in length settings, 0,4 - 7mm with 0,2mm precision
- 70 minutes runtime after a 1 hour charge, or plug it in
- 100% waterproof for easy, thorough cleaning
- 2 year guarantee, worldwide voltage and no need to oil

PHILIPS

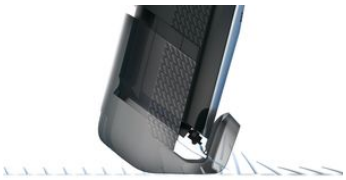

Features

Dynamic Beard Guide System

The Dynamic Beard Guide system with the help of the integrated hair lift comb lifts the hairs up to the level of the blades for even trimming results and lets you achieve exactly the 3-day stubble, short beard, or long beard look you want.

Integrated Hair lift comb

Trim your stubble in one quick pass, while being gentle on your skin. Our new Integrated hair lift comb lifts and guides the hairs to the level of the blades for effortless, even trimming.

Full metal blades

This trimmer comes with double sharpened full metal blades that cuts more hairs in every pass for faster trimming.

17 lock-in length settings

Select your preferred trim length by simply turning the zoom wheel on the handle until the length you want is displayed from 0,4 - 7mm with 0,2mm precision. Your chosen length is now "locked in" for a perfectly even trim.

Corded and cordless use

Charge your beard trimmer for 1 hour to get 70 minutes of cordless use. If you need more energy while trimming, you can simply plug the trimmer into the wall. This trimmer has been designed to run both cordless and plugged in.

100% waterproof

Simply rinse your waterproof beard trimmer under the tap to thoroughly clean it.

Skin-friendly blades

Get a perfect yet protective trim, time after time. The beard trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective. They also have rounded tips and combs to help prevent skin irritation.

Ideal stubble setting

Keep an ideal 3- day stubble, day after day, by using the trimmer's shortest 0.4mm setting.

Built to last

We back this Philips trimmer with a 2-year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
