Specifications

Bulb characteristics
- Shape: Tube
- Cap/fitting: G13
- Voltage: 220-240 V
- Dimmable: No
- Voltage: 220–240 V

Power consumption
- Wattage: 16 W
- Energy efficiency label: A+
- Power consumption per 1000h: 16 kW·h

Light characteristics
- Light output: 1600 lumen
- Beam angle: 240 degree
- Colour: Cool Daylight
- Colour temperature: 6500 K
- Light effect/finish: Cool Daylight
- Colour rendering index (CRI): 80
- Starting time: < 0.5 s

Durability
- Lifetime of lamp: 30000 hour(s)
- Number of switch cycles: 200000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 30 year(s)

Bulb dimensions
- Height: 1214 mm
- Width: 28 mm

Other characteristics
- Power factor: >0.9
- Lamp current: 74 mA

Highlights

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

6500K [LED lamps]

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light.

Last up to 30 years
With a lifetime of up to 30,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 30 years.*
