- GU5.3
- Warm white

Durable LED accent lighting with a focused beam

Create a warm, inviting ambience

Philips LED spots provide a focused bright beam, a long life, and significant energy savings.

Benefits

Create a warm atmosphere

- True incandescent-like warm white light (2700 K)

Innovative design

- long lifetime

Suitable for spots and general lighting

- 36° halogen light beam

Features

Warm white light (2700 K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

PHILIPS

LED

36° halogen light beam

With a familiar focused light output, equal in look and feel to halogen spots, this LED spot is suitable for both accent lighting and general-purpose lighting.

Lifetime 15

Providing the same incandescent look and feel, while offering a much longer lifetime.
