Highlights

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Lasts up to 15 years

With a lifetime of up to 15.000 hours, this Philips LED lamp will ensure your desired atmosphere for up to 15 years.*

No hazardous substances

Philips LED lights contain absolutely no hazardous materials, making them safe for any room and convenient to recycle.

Beautiful,switched on and off

Light can have different color temperatures, indicated in units called Kelvin (K). Bulbs with a low value produce a warm, more cozy light, while those with a high Kelvin value, create a cool, more energizing light.

Avoid the hassle of changing

The durable alternative to incandescent light bulbs, Philips LED bulbs can be installed and forgotten about, maintaining their beautiful light beam for years and years to come.

High color rendering (CRI>80)

The color rendering index (CRI) is used to describe the effect of a light source on color appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colors truly and naturally.
