Discover the profound power

Philips Xenium V787, the third generation long standby smartphone features the new SoftBlue Technology that is easy on eyes and delivers brilliant images. Stay entertained on the 5" FHD screen with your beloved anytime, anywhere.

Benefits

Always on, always connected

- Up to 36 days standby time
- Single click to access Power-saving mode
- Superlative Li-ion 5000mAh battery

Simplicity of use

- Excellent surfing experience with dual 4G
- Classic good looks adorned with metallic finishing

Sensational touch

- 5" FHD IPS Anti-Blue-light display protects eyes
- 13 MP PDAF camera focus faster and deliver brilliant photo

Competitive specification

- Best in class speed with 1.3GHz octa core processor
- 16GB built-in memory and 2GB RAM for excellent experience
- Android 5.1

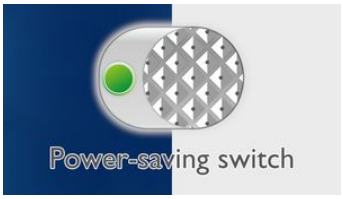

Features

Up to 36 days standby time

The phone can be on and in standby mode continuously for up to 36 days on a single charge.

PHILIPS

Power-saving switch

This Power-saving switch may well be the most convenient feature on your Philips mobile phone. By clicking the button located on the side panel, you can enable this function to help preserve your phone battery. It will shut down the WiFi, GPS and Bluetooth functions, while dimming the screen display simultaneously. Besides avoiding the multiple clicks needed to do likewise on other phones, this clever yet convenient button is definitely a lifesaver for heavy phone users.

Li-ion 5000mAh battery

Your Philips mobile phone comes packed with a standout 5000mAh Li-ion battery for seamless and long lasting connections on the go. With such exceptional battery performance, you can banish nagging worries about missing important calls from both your professional and personal contacts. And when both work and family matters have been tackled to your satisfaction, you can hone in on transcendent gaming and surfing experiences on a single charge, thanks to the phone's best-in-class power technology.

Dual 4G (FDD-LTE and TD-LTE)

Your Philips mobile phone incorporates dual-mode 4G radio, which allows you to use mobile internet on a blazing speeds both in FDD-LTE and TD-LTE networks. Now you can enjoy wider LTE coverage with just one phone.

Metallic finishing

Step out in confidence and panache with your stylish Philips mobile phone in hand. Its classic good looks are adorned with a subtle metallic sheen. Together with a beautifully streamlined silhouette, the phone exudes the utmost professional look and feel, whether you are closing deals in the boardroom or on the golf course.

5" FHD IPS Anti-Bluelight disp

Your Philips mobile phone comes endowed with an awesome 5 inch fully high definition display that brings you truly vibrant colors and razor-sharp detail. The IPS technology ensures great viewing from any angle, while the vibrant colors and vivid images render a full-bodied viewing experience. Meanwhile, anti-blue- light technology is adopted to protect your eyes by reducing the harmful blue light waves without affecting the color or image of the display.

13 MP PDAF camera with flash

Never miss another picture perfect moment again with your Philips mobile phone. Whether you are shooting in low light or macro conditions, your phone's 13 megapixel PDAF camera with flash will capture every precious detail. Comparing with traditional autofocus, built-in with phase detection sensor, PDAF can be faster and more accurate focus on photographing goals to get brilliant photo, especially in the dark scenario.

1.3GHz octa core processor

Balze ahead of others with the almighty 1.3GHz octa core processor on your Philips mobile phone. This phenomenal powerhouse zips along with your demanding needs without a cinch like no other processor before it- be it watching videos, downloading web pages or engaging in immersive gaming- and with exceptional picture quality to boot. With lightning speeds like this, what`s not to like?

16GB ROM, 2GB RAM

Your Philips mobile phone comes with a 16GB built-in memory, so you can pack more into your life on the go. With such generous storage available for your ever expanding needs, there is more room for your favorite apps, photos and important documents. The 2GB ROM can let you enjoy excellent performance during playing games and watching movies in spare time.

Android 5.1

Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.
