Highlights

Open acoustic design

These ActionFit headphones do not block out sound, so you can keep aware of your environment and stay safe, especially when exercising outdoors. An open acoustic platform provides quality sound without masking the world around you.

3 wearing styles
Personalize your fit. Choose between earhook, fins or earbud styles to keep the headphones firmly in your ear, so you can keep on moving.

Ambient sound awareness
Enjoy quality sound that doesn't block out the world around you. The open acoustic design lets ambient sound in, so you can stay aware of your surroundings and stay safer exercising in the outdoors.

Extra durable Kevlar® cable
Your ActionFit headphones are designed for durability and strength. Its Kevlar-coated cable is well protected against tearing and breaking, and can withstand extreme environments and workouts.

High performance sound
13.6mm drivers pump out high performance sound, pushing you to perform at your best.

Sweatproof and waterproof
Don't be afraid to break a sweat, or venture into the elements. With an IPX4 rating, you can get sweaty and work out in the rain without any moisture entering the earpiece.

Tangle-free workout
A cable clip keeps the wires out of your way while you push yourself harder.

Ultralight design
Your ActionFit headphones weigh in at a mere 4.69gm, making them ultra lightweight and a pleasure to wear. In fact, you will hardly feel them when you're working out - just the superb, powerful sound that keeps you focused and motivated.

Mic and control
Stay connected. The built-in microphone and track controls (IPX2) allow you to change music or pick up calls quickly and easily while you train.
