Proven to improve oral health
- Part of a better oral healthcare routine

A brush head that fits multiple handles
- Works with any Philips Sonicare click-on toothbrush

PHILIPS

ProResults plaque control

Features

Superior plaque removal

This brush head features densely-packed, high-quality tufts to effectively remove plaque. Also features specially curved power tufts to easily reach teeth at the back of the mouth.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Removes up to 6x more plaque

Clinically proven to remove up to 6 times more plaque than a manual toothbrush.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognize when it's time for a replacement. For optimal results, replace your brush head every three months.

Maximized sonic motion

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.
