Specifications

Easy to use
- Detachable water tank
- Precision steam tip
- Ready to use: Light indicator
- Safety auto off
- Safe on all fabrics: Even delicates like silk
- Soleplate name: T-ionicGlide
- Tap water suitable

Fast crease removal
- Continuous steam: Up to 120 g/min
- Pressure: Up to 6.3
- Ready to use: 2 min
- Steam boost: 340 g
- Voltage: 220-240 V

Green efficiency
- Product packaging: 100% recycable
- User manual: 100% recycled paper

Guarantee
- 2 year worldwide guarantee

Scale management
- Descaling and cleaning: Easy De-calc
- Descaling reminder: Light, Yes

Storage
- Carry lock: For transportation and safety
- Cord storage: Cord storage compartment
- Hose storage: Hose storage compartment

Technology
- For all ironable fabrics
- No burn
- No temperature setting needed
- OptimalTEMP Technology
- Smart Control Processor

Highlights

Up to 6.3 bar pressure
The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

2.5 L fully visible water tank
The extra large 2,5 L watertank ensures up to 3 hours ironing without any refilling. It makes your ironing faster and easier. Thanks to the clear watertank, you can see the water level from any angle and ensure you still have enough water to steam efficiently.

Easy De-Calc
Ultra long lasting steam performance: Philips' exclusive Easy De-Calc function provides the ideal way to get rid of limescale and extend the lifetime of your steam generator iron. Your iron will remind you with light and sound when to perform cleaning. Only when your appliance is cold, simply open the Easy De-Calc knob , and collect the dirty water and scale in a cup.

Safe rest
The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Safety auto off
The safety auto off function automatically switches off the appliance if it has not been used for 10 minutes, to save energy.

Safety carry lock
Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.

Tested and approved:
This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

T-ionicGlide soleplate
Our best gliding and most scratch resistant, 5star rated soleplate with integrated Titanium-Oxide layer
