Guides you to follow dentist recommendations
- Timers to help encourage thorough brushing

Recommended by dental professionals world wide
- Safe on orthodontics, dental work and veneers

PHILIPS

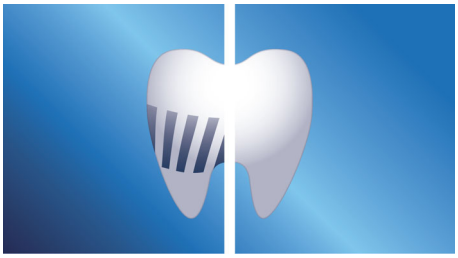

sonicare

Sonic electric toothbrush
1 mode 3 intensity settings, 2 brush heads

HX6616/50

Highlights

Removes up to 2x more plaque

This brush head removes up to 2 times more plaque than a manual toothbrush

Three intensity settings

With three customizable intensity settings (low, medium & high) you can select the right power level to ensure that brushing along the gumline is comfortable. After 1.5 seconds of brushing, you will have to push twice on button to switch mode. Once to pause and second to switch.

Safe and gentle

The gentle motion of this Philips Sonicare power toothbrush is safe for dental work, including orthodontics, implants and veneers, so you can brush without worry.

Quadpacer and Smartimer

The Quadpacer interval timer indicates when it's time to move to another quadrant of the mouth, while the Smartimer helps you reach the dentist recommended brushing time of two minutes.

Sonic technology

Our sonic technology creates a unique dynamic cleaning action that drives fluid deep between teeth and along the gumline for a thorough-yet-gentle clean.
