Stunning accent lighting

Philips halogen spots provide directional halogen light in natural, sparkling tones. This halogen lamp is designed to provide focused beams, creating bright accents in your home. It is fully dimmable.

Superior light quality
- Cool beam for heat-sensitive objects
- Decorative accent lighting

Dimmable
- Best dimmability to dim the light and create a cosy atmosphere

The economical and ecological choice
- Double the lifetime of a traditional bulb

Highlights

Cool beam
The lower temperature in front of the Philips bulb, as compared to a normal reflector light bulb, minimises the effect of heat on sensitive objects.

Decorative accent lighting

This Philips spot is designed to provide a focused, bright beam. Use it to highlight your special objects or combine multiple spots for general home lighting.

Best dimmability
This lamp can be used in combination with all dimmers and will not only turn down the light to 0%, but also creates the cosy atmosphere you're used to from your incandescent.

Double the lifetime

This lamp lasts twice as long as a standard bulb. So it replaces two lamps, for lower cost and less hassle. The lifetime is based on the average usage of 2.7 hrs per day or 1000 hrs a year.
