EFV80464OW Cooker Hood

Fully harmonized with your kitchen

Thanks to the elegant and pure vertical lines this customised cooker hood blends in with all your kitchen appliances.

Work in a kitchen free of cooking fumes

Cooking can produce fumes and lingering odours, but the Electrolux Downdraft Cooker Hood features a wide suction area to keep your kitchen fresh.

Clearly see what is happening on the whole cooking zone

The two halogen lamps in this cooker hood shed a bright illumination over the complete cooking surface, giving you the clear visibility you need for complete control.

More Benefits :

• Mechanical push buttons for easy control of the hood

Features :

• Push button controls with 3 speeds
•Washable aluminium grease filters
•Recirculation or extraction options
