- Number of batteries: 6

Convenience
- Display type: LCD display
- Loader type: top

Accessories
- Cables/Connection: power cord
- Warranty: Warranty leaflet
- Others: User Manual

Dimensions
- Product dimensions (WxDxH): 252 x 228 x 128 mm
- Packaging dimensions (WxDxH): 280 x 160 x 260 mm
- Product weight: 1.5 kg
- Weight incl. Packaging: 1.8 kg

Highlights

USB Direct for MP3 music
USB Direct for MP3 music playback

Play MP3-CD, CD and CD-R/RW

MP3 stands for "MPEG 1 Audio layer-7.6 cm (3") .MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

CD Shuffle/Repeat

The "Shuffle/Repeat" function helps you to get rid of the boredom of hearing your music played in the same order all the time. After loading your favorite songs to the player, all you have to do is to select one of the modes - "Shuffle" or "Repeat" for your tunes to be played in different modes order. Enjoy the different and unique music experience every time you hook up to your player.

20-track CD programmable
The CD progammable playback feature allows you to enjoy your favorite tracks in the sequence you want.

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
