Description

- USB 3.1 Type C Male to USB Type A Male, with gold plated contacts
- USB 3.1 SuperSpeed+/Gen 2 Cable for data transfer rates of up to 10Gbps
- Supports DisplayPort Alternate Mode
- Capable of up to 15W power (5V at 3A)
- Length: 0.5m
- 10 year warranty

The LINDY USB 3.1 Type C to Type A cables feature a reversible Type C connector and are not constrained by a Host to Device directional connection that existed under previous USB specifications.

As well as supporting SuperSpeed+/Gen 2 data transfer rates of up to 10Gbps, the cables are also capable of supporting DisplayPort Alternative Mode (DisplayPort up to 4K 3840x2160). This cable does not support USB Power Delivery Mode, our range of cables with USB Power Delivery Mode are available here.

Important: This USB 3.1 compatible cable features the reversible Type C connector, please check that your devices have a USB Type C port before purchasing this cable.
