

LogiLink®

2nd SATA HDD Caddy

For universal 9.5mm/12.7mm high SATA HDD

Art. No.: AD0016
AD0017

Best connectivity

Fits into the CD/DVD ROM slot of a laptop and can be used with a 2.5" hard drive that is 9.5mm or 12.7mm high.

HDD Caddy is a case for a hard drive which you can mount a second HDD or SSD into your laptop easily. It is an ideal and easy solution if you need more storage space or if you want to use a fast SSD with an extra HDD. This case fits perfectly in the bay where your CD/DVD drive is normally located. No need for any software installation, just plug and play.

Features:

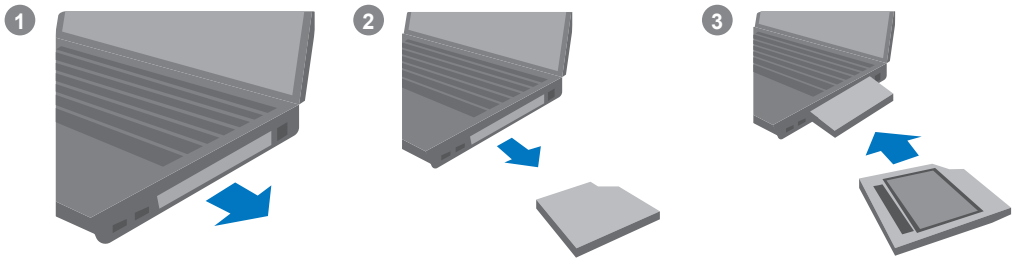

» Improve laptop performance and capacity with an extra hard drive
» Ideal solution to upgrade laptops with SSD for faster speeds
» Fully integrated into laptops
» No cables/PSU/software drivers required
» Fits into the CD/DVD ROM slot of a laptop
» Used with a 2.5" hard drive that is 9.5mm or 12.7mm high
» Fast & Reliable connection in laptops as the primary HDD
