

Philips
Notebook USB speakers

USB powered
Audio-in
Black

SPA65

Music, movies & entertainment

Just connect us to your notebook and we'll bring your music and sounds to life for a great listening experience. Volume control to ensure optimal sound level

Really easy
- Hassle-free, space saving with 2.0 Channel Stereo
- Audio-in for easy portable music playback
- USB plug for power

Experience true multimedia
- Easy to connect to either a PC or a laptop

We can play with any media
- Enjoy music, games, movies and online videos

Impressive sound
- 4W RMS total output power

PHILIPS

Notebook USB speakers
USB powered Audio-in, Black

SPA65/94

Specifications

Connectivity
- Cable length: 1.5 m
- Connector: 3.5 mm stereo

Packaging content
- Number of satellites: 2

Audio systems
- Frequency range: 140Hz-18KHz
- Input impedance: 10 ohm
- Output power in total: 4 W
- Power: 5 V DC
- Signal/Noise ratio: >65 dB
- THD: < 10 %

Audio systems L/R channels
- Audio power amplifier: Class - AB Amplifier
- Channel separation: >50 dB
- Input sensitivity: 450 mV
- Rated output power: 2W X 2

Left/Right speakers
- Driver power range: 2W x 2
- Frequency range: 140 Hz - 18KHz
- Norminal impedance: 4 ohm

Highlights

4W RMS total output power
RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

USB plug for power

With plug-and-play convenience, the USB cable plugs directly into any USB port and your notebook automatically recognizes this as a removable USB mass storage device.

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Enjoy music/games/movies/video
The perfect accompaniment for your notebook and netbook, so you can play multimedia music and videos with great sound quality.

Issue date 2016-10-27

Version: 1.1.1

12 NC: 8670 001 42896
