# CombiQuick - Compact Microwave/Multifunction Oven

## KME561000M

**All the taste, half the time**
A succulent roast chicken, a creamy Dauphinoise, a rich beef casserole - all achieved in just half the time a conventional oven would require. The CombiQuick oven is the faster way to exceptional flavours and exciting dishes, combining hot air fan cooking with the speed of a microwave to give you the mouthwatering finish and

A succulent roast chicken, a creamy Dauphinoise, a rich beef casserole - all achieved in just half the time a conventional oven would require. The CombiQuick oven is the faster way to exceptional flavours and exciting dishes, combining hot air fan cooking with the speed of a microwave to give you the mouthwatering finish and

## Product Benefits & Features

**Cooked evenly everywhere**
With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called Hot Air, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by up to 20%, saving you

**Save space without compromising on functionality**
This compact microwave oven allows you to successfully cook, grill, re-heat or defrost any dish at the same high-performance level as a larger model. As a result, you can get the most out of your cooking space and prepare a wide variety of dishes all in one compact appliance.

**A quicker way to toast and crisp**
This highly efficient grill takes less time than traditional ovens, and will toast, crisp or brown your dishes to precision.

**Absolute accuracy, every time**
The advanced Hexagon timer display gives you even more control over your cooking. By entering start/stop times into the clear LCD screen, the oven will automatically begin and end as instructed. Meaning you can expect absolute accuracy - even if you momentarily step away from your Oven.

**Low door temperature for safe interaction**
Thanks to the Safe to touch Plus door, the outside of the oven door is kept at a low temperature securing safe interaction.

- 43 litre oven capacity
- Diamond-glazed enamel interior
- Isofront® Plus quadruple glazed door
- Fan controlled defrosting
- 2 oven shelves
- Anti-fingerprint stainless steel
- LED digital display
- 1000W microwave power
- Microwave
- Conventional cooking
- Top heat browning
- Base heat finishing
- Auto safety switch off and child lock

### Product Specification

| | |
|---|---|
| Cleaning | Clean enamel |
| Cavity coating | Grey Enamel |
| Dimensions (mm) (HxWxD) | 455x595x567 |
| Dimensions | 450x560x550 |
| Total electricity loading, W | 3000 |
| Voltage | 230-240 |
| Required Fuse | 16 |
| Frequency | 50 |
| Cord Length | 1.5 |
| Temperature range | 30°C - 230°C |
| Maximum Microwave output (W) | 1000 |
| Cavity size | 43 |
| Energy class | No |
| Energy consumption, conventional mode, kWh per cycle | 0 |
| Energy consumption per EU standard cycle | 0 |
| ProdPartCode | E - Generic Partner All |
| Colour | Stainless Steel with antifingerprint coating |
