Waterproof Solar Garden LED Light

Art. No.: **LED003**

LED003 is a solar-powered light, which is widely used on roads, in courtyards, gardens, pools, etc. It is a perfect light as well as a decoration. Amphibious design: can be completely submerged in water as it is waterproof.
The highly efficient solar panel will convert solar energy into electrical energy and store in the built-in battery for the LED. The specific light-control system makes sure that the light will be charged in the daytime with enough sunlight automatically and light up in the evening. In addition, it is easy to install, waterproof and dustproof.

Features:

» Solar-powered for energy saving
» No AC or DC power is needed, easy to install
» Amphibious design: waterproof, dustproof
» Adjustable LED head can be adjusted to 90 degrees
» The light with auto sensor can automatically charge itself during the daytime when there is enough sunlight
» Perfect for pools, ponds, gardens, paths & roads, and other decoration & lighting situations

Specification:

Head Quantity	3x
LED Quantity	18x
LED Color	RGB (Red, Blue, Green)
Solar Panel	2.5W (6V, 420 mA)
Battery	18650 / 3.7V, 2000 mAh
Full Charge Time	8 hours
Operation Time	More than 20 hours
Waterproof Standard	LED lights: IP68, Solar Panel: IP64
Cable Length with 3 Spots	3.2m+1.15m+1.15m

Decorate your garden
